Re: Application No. 10/713,832

This correspondence contains the applicant/inventor, Scott Christopher Meyers', response to the requirement under 35 U.S.C. 121 to, "elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable."

The applicant elects the embodiment as shown in figures 1A and 1B and called for in claim 1 with the slip mechanism between the handle and the stem and external threads on the stem for mating with internal threats on the stem housing to be this single disclosed species.

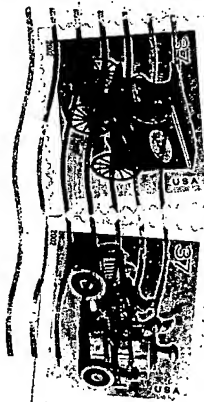

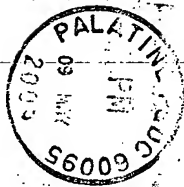

Sincerely,

Scott Meyers

A handwritten signature in black ink, appearing to read "Scott C. Meyers", followed by the date "09 May 2005". The signature is written in a cursive, flowing style.
